

# POSCO Global Young Leaders Program FALL '23 - SPRING '24

South Korea is a beautiful country with a vibrant cultural legacy, that is advanced in the economy, science, and education. POSCO Group, located in the southeastern city of Korea called Pohang, is the world's leading steel-making company, which owns 30+ domestic affiliates and 150+ overseas subsidiaries in 50+ countries around the world, that cover the fields of steel, trade, construction, and IT. To discover future growth engines for sustainable management, POSCO Group is strategically focusing on promising fields such as secondary battery materials, hydrogen energy, and AI, on top of the industry-academy-research venture platform, that connects POSTECH(Pohang University of Science and Technology)'s outstanding research to successful businesses.

GYP(POSCO Global Young Leaders Program) is an exchange student program for POSCO Group to train and cultivate next-generation global talent. POSCO Group's overseas subsidiaries are to select undergraduate students from top universities in their host country, where the selected students will be given opportunities to take courses and participate in research in POSTECH as well as experience Korean culture and the POSCO industry. All expenses throughout the stay in Korea will be covered by POSCO. Once the program has been completed, the alumni of GYP are to serve as POSCO global ambassadors equipped with POSCO global corporate citizen spirit in their home country.

We ask for your interest and participation in this program to make your dreams a reality on the global stage with the POSCO Group.

## Participating Subsidiaries

### POSCO-TCS

**POSCO Coated Steel (Thailand) Co., Ltd.** is a subsidiary of POSCO, a South Korean top-notch global steel-making company. Established in 2013, POSCO Coated Steel (Thailand) Co., Ltd. is located in Rayong Province, Thailand, and specializes in manufacturing and distributing high-quality steel products.

The company's main products include galvanized and galvanized steel that are used in various industries such as automotive(TOYOTA, HONDA etc.), construction, and home appliances(SAMSUNG, LG Electronics etc.). The company has a production capacity of 450,000 tons per year and is equipped with advanced facilities and technologies to ensure high-quality products.

POSCO Coated Steel (Thailand) Co., Ltd. places a strong emphasis on sustainable and responsible business practices, and has implemented various environmental management systems and social responsibility initiatives. The company has received several awards and certifications for its commitment to sustainable development, including IATF 16949 and ISO 9001 certifications.

POSCO Group

### POSTECH

Established in 1986 by POSCO as Korea's first research university, POSTECH is now a flagship university spearheading the development of science and technology around the world. POSTECH's collaborative and intimate academic community have been nurturing global leaders, performing outstanding research, and creating new visions and social value for future generations for the past 35+ years.

POSTECH

## Application Guide

### Academic Programs

GYP participants will be able to take part in course-taking credit exchange, research participation (non-credit), Korean language courses and cultural programs, tour of POSCO, etc. Upon selection, students will be placed into one of the following undergraduate programs at POSTECH:

Mathematics	Chemistry
Physics	Life Sciences
Electrical Engineering	Chemical Engineering
Convergence IT Engineering	Computer Science & Engineering
Materials Science & Engineering	Mechanical Engineering
Industrial & Management Engineering	Semiconductor Engineering

### Eligibility Requirements

- Second or third year undergraduate student enrolled at & nominated by POSTECH's partner university
- GPA average above 3.3/4.3
- Equivalent English proficiency certification scores of TOEFL iBT 90, IELTS 6.5 or above

### Scholarship & Benefits

Students selected for GYP will receive full coverage of their round-trip flights to/from Korea and visa-related fees, as well as a monthly scholarship (1,000,000 KRW/month, equivalent to approximately 750 USD) from POSCO. Participants who decide to drop out of the GYP before program completion may be required to return the scholarship.
